1. Introduction

ECI believes that it is always unacceptable for a child or young person to experience abuse of any kind and recognises its responsibility to safeguard the welfare of all children and young people, by a commitment to practice which protects them.

We recognise that:

- the welfare of the child/young person is paramount,
- all children, regardless of age, disability, gender, racial heritage, religious belief, sexual orientation, or identity, have the right to equal protection from all types from harm or abuse,
- working in partnership with children, young people, their parents, carers, and agencies is essential in promoting young people's welfare.

This policy applies to all staff, including senior managers and the board of trustees, paid staff, volunteers and sessional workers, agency staff, students or anyone working on behalf of ECI.

2. Purpose of the policy

To provide protection for the children and young people who receive ECI services, including the children of adult members or users,

To provide staff and volunteers with guidance on procedures they should adopt if they suspect a child or young person may be experiencing, or be at risk of, harm.

ECI wishes to take every possible precaution to protect all children and young people with whom we work from the threat of child abuse. Any suspicion of harm will be responded to promptly and appropriately in line with the procedures set out in this policy.

We will seek to safeguard children and young people by:

- valuing them, listening to, and respecting them,
- adopting child protection guidelines through procedures and a code of conduct for staff and volunteers,
- recruiting staff and volunteers safely, ensuring all necessary checks are made,
- sharing information about child protection and good practice with children, parents, staff, and volunteers,
- sharing information about concerns with agencies who need to know, and involving parents and children appropriately,
- providing effective management for staff and volunteers through supervision, support, and training.

We are also committed to reviewing our policy and good practice annually.

3. Responsibility

- 3.1 The trustees of ECI are ultimately responsible for ensuring that this policy is regularly reviewed and properly implemented.
- 3.2 The CEO and Designated Safeguarding Lead are responsible for ensuring that safeguarding concerns are dealt with properly and effectively, and to maintain an appropriate level of knowledge and training.
- 3.3 It is the responsibility of every adult to protect children from harm. ECI will ensure that staff and volunteers working with children realise it is their responsibility to act on their concerns. The organisation will provide them with the support needed to follow through the process of raising concerns.

4. Child Protection Procedures

These procedures have been designed to ensure that the welfare and protection of any child and/or young person who accesses the services provided by ECI. ECI is committed to the belief that protecting children and young people is everybody's responsibility. The procedures recognise that child protection can be a very difficult subject for workers to deal with. The aim of this policy is to provide guidelines to enable all workers to act appropriately to any concerns that arise in respect of a young person.

Section 1 - Recognising the Signs and Symptoms of Abuse

ECI will ensure that identified staff members whether paid or unpaid, undertake appropriate training dependent upon their role to gain a basic awareness of the signs and symptoms of child abuse and recognise how concerns about a child or young person's safety can come to light. For example:

- a child or young person alleges that abuse has taken place or that they feel unsafe,
- a third party or anonymous allegation is received,
- a child or young person's appearance, behaviour, play, drawing or statements cause suspicion of abuse and/or neglect,
- a child or young person reports an incident(s) of alleged abuse which occurred some time ago,
- a report is made regarding the serious misconduct of a worker towards a child or young person.

See Appendix 1 for Definitions of Abuse

Section 2 - How to respond to a person disclosing abuse

DO's:

- Do always treat any allegations extremely seriously and act towards the child as if you believe what they are saying,
- Do tell the child they are right to tell you,
- Do reassure them that they are not to blame,
- Do be honest about your own position, who you must tell and why,
- Do tell the child what you are doing and when, and keep them up to date with what is happening,
- Do take further action – you may be the only person able to prevent future abuse – tell your nominated person immediately,
- Do write down everything said and what was done.

DON'T's:

- Don't make promises you can't keep,
- Don't interrogate the child – it is not your job to carry out an investigation – this will be up to the police and social services, who have experience in this,
- Don't cast doubt on what the child has told you, don't interrupt or change the subject,
- Don't say anything that makes the child feel responsible for the abuse,
- Don't do nothing – make sure you tell your Designated Safeguarding Officer immediately – they will know how to follow this up and where to go for further advice.

Section 3 - Reporting a Safeguarding Concern

1. Contact Designated SG Lead (DSL) or Deputy Designated SG Lead (DDSL) who are named below
2. Fill in the Safeguarding Concern Form: <https://forms.office.com/e/mH574rns35>
3. DSL will offer guidance and assistance in taking necessary steps
4. DSL will ensure full details are recorded on the confidential record for that client (Lamplight or Beacon). If we do not hold records for them on Lamplight or Beacon, then ensure full records are kept on the Safeguarding Concern Form on MyECI.

Designated Child Safeguarding Lead: Daisy Binnie / 07842 019431

Deputy Designated Safeguarding Lead: Jodie Pitcher / 07842 025364

Please note that the ECI safeguarding team are available Monday-Friday during office hours.

See Appendix 2 - Useful Contacts/Support Organisations for other contact info.

For Adult Safeguarding Concerns, please refer to the Adult Safeguarding Policy.

Section 4 - Managing Allegations made against a member of Staff / Volunteer

ECI will ensure that any allegations made against members, or a member of staff will be dealt with swiftly and in accordance with these procedures:

1. The worker must ensure that that the child is safe and away from the person against whom the allegation is made.
2. The DSL and CEO should be informed immediately. If the allegation relates to the CEO or DSL, the Chair of the Trustees should be notified instead. In the case of an allegation involving the named person, alternative arrangements should be sought to ensure that the matter is dealt with by an independent person. See the ECI Whistleblowing policy for further guidance.
3. The DSL should contact the local authority designated officer (LADO) on 01392 386013 or email ladosecure-mailbox@devon.gcsx.gov.uk for a notification form for advice on how to proceed with the immediate situation. Outside of working hours the Emergency Duty Team (0345 6000388) can give advice and/or in the event of an emergency arising, the police.
4. The individual who first received/witnessed the concern should make a full written record of what was seen, heard and/or told as soon as possible after observing the incident/receiving the report. It is important that the report is an accurate description. The DLS (if appropriate) can support the worker during this process but must not complete the report for the worker. This report must be made available on request from either the police and/or M.A.S.H.

Regardless of whether an investigation follows, ECI will conduct an internal investigation and consideration is given to the operation of disciplinary procedures, if

appropriate. This may involve an immediate suspension and/or ultimate dismissal dependant on the nature of the incident.

Section 5 - A Named Person(s) for Child Protection

Every organisation that works with children or young people should have in place a named person who is responsible for dealing with child protection issues that may arise. A deputy must be made available in their absence. These individuals must be trained in child protection and their responsibilities clearly stated within your procedures.

ECI has an appointed individual(s) who are responsible for dealing with any child protection concerns. In their absence, a deputy will always be available for workers to consult with. The named persons for Child Protection within ECI are:

Designated Child Safeguarding Lead: Daisy Binnie / 07842 019431

Deputy Designated Safeguarding Lead: Jodie Pitcher / 07842 025364

The role and responsibilities of the named person(s) are:

- To ensure that all staff are aware of what they should do and who they should go to if they are concerned that a child/young person may be subject to abuse or neglect.
- Ensure that any concerns about a child/young person are acted on, clearly recorded, referred on where necessary and, followed up to ensure the issues are addressed.
- The Named Person(s) will record any reported incidents in relation to a child/young person or breach of Child Protection policies and procedures. This will be kept in a secure place and its contents will be confidential.

Section 6 - Recording and managing confidential information.

If ECI becomes concerned that a child/young person may be at risk of significant harm, then the organisation has a duty to refer their concerns to the relevant agencies / Multi Agency Safeguarding Hub. Where possible this should be done with the child's/young person's consent, but, if necessary, such consent should be set aside in the interests of the child/young person concerned.

Staff (paid / unpaid) will be responsible for completing the Safeguarding Concern Log (<https://forms.office.com/e/mH574rns35>). This is for recording concerns / allegations of abuse, harm and neglect and the person who receives the allegation or has the concern should complete the form.

Access to those records needs is limited to the Designated Safeguarding Leads who need to know about the information in those records and who manage the records.

Appendix 1 - Definitions of Abuse

Physical Abuse: May involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent/carer fabricates the symptoms of, or deliberately induces illness in a child.

Emotional Abuse: Is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only in so far as they meet the needs of another person. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying, causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Sexual Abuse: Involves forcing or enticing a child or young person to take part in sexual activities, including prostitution, whether or not the child is aware of what is happening. The activities may involve physical contact, including penetrative (e.g. rape, buggery or oral sex) or non-penetrative acts. They may include non-contact activities, such as involving children in looking at, or in the production of, sexual online images, watching sexual activities, or encouraging children to behave in sexually inappropriate ways.

Neglect: Is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate care-givers)
- Ensure access to appropriate medical care or treatment
- It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Appendix 2 - Useful Contacts/Support Organisations
